

TUNDRA CABINETS

Quality construction:

- Bright white interior—ideal for Alaska.
- European frameless construction is easy to clean and maintain.
- 6-way adjustable self-closing 110 degree SOFT-CLOSE door hinges
- Side-mount full extension ball bearing SOFT-CLOSE drawer slides available (3/4 extension slides are standard)
- All joints either full captured, or doweled and glued—no staples!
- All shelves are full depth and adjustable.
- Sturdy 3/4" thick doors and 5/8" shelves
- All Plywood box construction (stiffer and lighter weight) available for 15% upcharge.
- All ends and toes finished—no need to pay extra for finished ends.

Dreamworks Cabinetry builds award winning custom high end kitchens and custom manufactures commercial case-work used throughout Alaska. Now Dreamworks is growing to serve the entry level and rental property market with the limited offering of TUNDRA CABINETS, countertops and accessories. Dreamworks' motto "The Dream is in the Details" extends to cover the quality you can expect even from this newest low price offering.

Five Door Types - All Attractively Priced:

- **Birch Woodgrain Melamine**
Easy to clean low density laminate surface fused to a particleboard core. Matches the exposed sides of the cabinet boxes.
- **Birch Veneer Plywood**
Clean, modern, Alaskan look of Birch. Natural finished; shows simple elegance.
- **Laminate Panel**
Pick your custom color and texture for laminate doors from any current color of HPDL laminate from WilsonArt or Formica.
- **Woodgrain Thermoform**
A melamine thermoset woodgrain door in a raised panel design. Woodgrain front with white interior.
- **Alaska Birch Frame Shaker**
Show your true Alaskan spirit with regionally harvested birch frame shaker recessed panel doors. 3/4" Alaska Birch frame surrounds a 1/4" birch plywood panel

TUNDRA CABINETS

Transparent Pricing!

Stop by our shop and we will provide you with a full price list of our standard TUNDRA cabinets in all five door styles, and an easy-to-use order form. Use graph paper to design your own kitchen layout and give us your detailed order – we will have your cabinets ready for your pickup at our shop in Fairbanks in just a few days.

Free Kitchen Design!

If you would rather have us help design your kitchen, just bring us a good sketch with room dimensions and we will work up a design and provide you with drawings, cabinet list, and even computer generated pictures of what your kitchen will look like. We require a \$75 fee for the service, but will fully credit the fee against your order for TUNDRA Cabinets.

Countertops, too!

Dreamworks also does countertops. We offer laminate countertops in any available matte color from WilsonArt or Formica. We can do wood edged countertops to highlight your birch kitchen, or we can offer solid surface countertops from any of the acrylic solid surface manufacturers.

Installation Support!

Dreamworks does NOT install or deliver. We do offer excellent advice and coaching so that most anyone handy with simple tools can install their own kitchen.

Live Remote?

While our standard product comes fully assembled for your pickup at our shop, we will package cabinets up in "knock-down" form—thus ready to assemble on-site in your home—and will deliver them to your freight forwarder at Fairbanks International Airport if you have pre-arranged shipping.
